Re: *United States v. Rascarmi Gallimore, 15 Cr. 537 (VEC)*

Dear Judge Caproni:

The Government writes regarding proceedings relating to Rascarmi Gallimore's alleged violation of the conditions of his supervised release. Since receiving the Probation Office's specifications, and since the originally scheduled conference in March of this year, the Government has continued to confer with the Assistant District Attorney for the Bronx District Attorney's Office currently handling the state charges against Gallimore and others. The Government received a copy of the criminal complaint against Gallimore, previously submitted to the Court, and has confirmed that Gallimore and his codefendants have been indicted in state court.

The Government understands from the assigned ADA that pretrial motions in the Bronx case are now submitted and that a hearing on those motions is scheduled for March 10, 2022.

The Government respectfully requests that the Court adjourn the currently scheduled conference to a date after March 10, 2022. The Government expects that a resolution of the federal supervised release allegations may be aided by additional proceedings and clarity in the state proceedings. The Government has conferred with defense counsel for Gallimore, who concurs in this request.

As previously noted, the defendant's term of supervision expired on March 20, 2021, but the Court has and will maintain jurisdiction to adjudicate the alleged violations because the Court's summons issued on the basis of those allegations prior to expiration. *See* 18 U.S.C. § 3583(i) ("The power of the court to revoke a term of supervised release for violation of a condition of supervised release, and to order the defendant to serve a term of imprisonment and . . . a further term of supervised release, extends beyond the expiration of the term of supervised release for any period reasonably necessary for the adjudication of matters arising before its
